

BPIR - Certificate of Compliance

We certify that Reid Construction Systems has diligently fulfilled all necessary measures outlined in the BPIR, ensuring comprehensive compliance for all applicable Class 1 building products. Every applicable product sold by Reid Construction Systems adheres strictly to the regulations set forth by the Building Amendment Act 2021 and the New Zealand Building Product Information Requirements.

Compliance Statement:

We, Reid Construction Systems, declare the following regarding all our BPIR applicable manufactured building products:

- Regulatory Compliance:** Each applicable building product manufactured by Reid Construction Systems complies rigorously with the regulations specified in the Building Amendment Act 2021, meeting the minimum information requirements outlined by the New Zealand Building Product Information Requirements (BPIR) Regulation.
- Building Code Conformity:** Detailed information for each applicable product demonstrates its alignment with the Building Code requirements in New Zealand, contributing significantly to the safety and longevity of constructed buildings.
- Accessibility of Product Information:** We ensure that essential product information for every applicable item is readily available online, accessible without charge, and in compliance with the stipulated requirements, enabling informed decision-making by stakeholders.
- Verification of Claims:** Reid Construction Systems possesses documented evidence substantiating all claims made regarding our products, ensuring transparency and reliability in the conveyed information.

Additional Remarks:

- The information provided encompasses technical specifications, warnings, bans (if applicable), installation guides, maintenance manuals, and other pertinent details essential for informed decision-making by builders, designers, building owners, and regulatory authorities.
- Reid Construction Systems commits to consistently maintaining the accuracy, completeness, and currency of all provided product information.

This Certificate of Compliance signifies Reid Construction Systems' steadfast commitment to ensuring comprehensive, accurate, and accessible product information across all applicable product ranges. It underscores our dedication to supporting the construction industry in New Zealand to meet and exceed regulatory standards.
